

GRADUATE PROFILE

ARNO VERMEULEN

DEGREE: Bachelor in Business Management and Bachelor of Commerce
COMPLETED: 2021
GRADUATE YEAR: February 2022

WHY MOORE AUSTRALIA?

To me, Moore Australia demonstrated that they care for their graduates and through a structured mentor program, supporting the transition into becoming an effective and efficient tax and business advisor. Connecting with my employer was and remains critical to my professional development.

WHAT SUPPORT DID YOU RECEIVE THROUGH GRADUATE TRAINING AND CAANZ STUDY?

Moore Australia tailored its support to what I needed, such as providing follow-up meetings which helped me reflect on my individual postgraduate objectives.

I was encouraged to refine my understanding and was allowed to enrol in courses with The Tax Institute before moving onto my CA accreditation. The graduate program cultivated a supportive environment and through mentorship allowed me to make valued friendships.

The firm provided study leave, introduced me to the token study reimbursement process (leaving me with no out of pocket expenses) and celebrated my milestones.

Through the continued efforts from the firm, I feel valued and part of the culture and history.

BEST PIECE OF ADVICE YOU RECEIVED AS AN ACCOUNTANT?

The best advice I received was “the circumstances are what you make of it” and “you choose to be optimistic, come to work with a smile and enjoy solving life’s little problems”.

WHAT INFLUENCE HAS TRAINING PROVIDED BY MOORE HAD ON YOUR CAREER?

As university implements a linear path for learning and development, I consider the training in the first year with Moore to have been pivotal to my career, as many significant decisions were to be made.

The firm's influence attributes to this decision making but also the drive to push for my desired outcomes.

TOP TIP FOR GRADS SEEKING A ROLE WITH MOORE?

Be personable, accountable for your work, prepared to learn and to ask questions. .
